

Office of the Director
of Central Intelligence

DATE: 29 January 1974

TO: AO/DCI

SUBJECT:

I have looked through the attached folder on whose resume is quite impressive. If other approaches prove blind alleys, he is certainly a possible candidate for one of our Asian NIO positions, though frankly I would not put him at the top of my current list. He is certainly someone we would want to consider acquiring as part of one of the Asian NIO's panel of consultants.

I am returning this file to you and would like to be able to look at it again or show it to our China and our General Asian NIOs when they later come on board.
